

**35.2 MILLION\***  
Americans  
face hunger,  
including:

**10.7 MILLION\***  
children

**5.3 MILLION**  
seniors

**72 BILLION** pounds  
of pre-consumer  
food is wasted each  
year in the U.S.

Food waste  
accounts for **8%** of  
global greenhouse  
gas emissions

If food waste were a  
country, it would be  
the **THIRD HIGHEST**  
emitter after the  
U.S. and China

\*USDA report: *Household Food Security in the United States in 2019*; represents data before the start of the COVID-19 pandemic
